

Music and Theatre Company.

Music FunTime teaches the Fundamentals! Your child will learn to read music and the value of notes. They will be introduced to percussion instruments, as well as basic piano! This hands-on music program will teach your child to identify dozens of band and orchestra instruments by sight and sound. Instruments include rhythm sticks, triangle, wood tone block and kazoo!

Your child will learn music fractions using age-appropriate resources like our music pizza! This is our fastest growing program because Parents love seeing their child's math skills soar while developing their love for music!
